ITPO undertakes comprehensive publicity of International and domestic trade fairs through print, electronic and social media. ITPO also provides bare space (halls etc) and services at Pragati Maidan to organizers pertaining to various industries/sectors, which helps various exhibiting companies to showcase their products/services to their potential buyers who visit these exhibitions, including foreign participants. ITPO has also built a new exhibition complex (Halls 2-5) with state of the art 50,000 sq. metres of airconditioned exhibition space as a part of the ongoing International Exhibition- cum- Convention Centre (IECC) project. These halls were launched on October 13, 2021.

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY

(a) & (b): The Central Government does not own any tea plantations. Two (2) tea garden/estate are owned by the State Governments and there are 41 tea gardens owned under Public Sector Undertaking. The Plantations Labour (PL) Act, 1951 regulates the conditions of work in plantations and provides for the welfare of plantation labour including tea workers and their families. The Act, envisages the employers to provide the workers with housing, medical facilities, sickness and maternity benefits and other forms of social security measures. There are provisions for educational facility for the worker's children, drinking water, conservancy, canteens, creches and recreational facilities for the benefit of the plantation workers and their families in and around the work places in the plantation estates. The Plantation Labour Act is implemented through the concerned State Government.

The welfare provisions of the Plantation Labour Act, 1951 have now been subsumed in two labour codes- the Occupational Safety, Health and Working Conditions Code, 2020 and Social Security Code, 2020.
